Experience

- Teaching Assistant and Research Personnel**, *Autonomous University of Madrid* (Ph.D. Student granted with FPI-UAM Scholarship with Daniel Hernández Lobato.) 12/2021 – Present
- Visitor Researcher**, *University of Cambridge* (Research on Uncertainty Estimation on Large Language Models with José Miguel Hernández Lobato.) 09/2023 – 12/2023
- Research Assistant**, *University of Almería* (Worked with Andrés R. Masegosa studying the effect of diversity on Deep Neural Network ensembles.) 02/2021 – 12/2021

Publications

- Deep Variational Implicit Processes** [PDF] [Code]
Luis A. Ortega, Simón Rodríguez-Santana and Daniel Hernández-Lobato
International Conference on Learning Representations (ICLR), 2023
- Diversity and Generalization in Neural Network Ensembles** [PDF] [Code]
Luis A. Ortega, Rafael Cabañas and Andrés R. Masegosa
Artificial Intelligence and Statistics (AISTATS), 2022
- Correcting Model Bias with Sparse Implicit Processes** [PDF] [Code]
Simón Rodríguez-Santana, Luis A. Ortega, Daniel Hernández-Lobato and Bryan Zaldívar
ICML Workshop "Beyond Bayes: Paths Towards Universal Reasoning Systems", 2022

Ongoing Research

- Variational Linearized Laplace Approximation for Bayesian Deep Learning (Under Review) [Draft]
Uncertainty estimation on pre-trained Deep Learning models using Variational Inference and LLA.
- PAC-Chernoff Bounds: Understanding Generalization in the Interpolation Regime [Draft]
Explaining deep learning techniques (weight-decay, overparameterization, data-augmentation) using Large Deviation Theory
- If there is no underfitting, there is no Cold Posterior Effect [Draft]
Misspecification leads to Cold Posterior Effect (CPE) only when the resulting Bayesian posterior underfits.
- PAC-Bayes-Chernoff Bounds for Unbounded Losses [Draft]
PAC-Bayes version of the Chernoff bound which solves the open problem of optimizing the free parameter on many PAC-Bayes bounds.

Education

- Ph.D. Student**, *Autonomous University of Madrid* 11/2021 – 11/2025
Thesis: *New Learning Methods based on Implicit Processes*
- M.S. in Data Science**, *Autonomous University of Madrid* 2020 – 2022
- B.S. in Computer Science**, *University of Granada* 2015 – 2020
- B.S. in Mathematics**, *University of Granada* 2015 – 2020

Honors & Awards

- Granted Santander-UAM Scholarship. Uncertainty Estimation in LLM at Cambridge University. 2023
Computational and Biological Learning Lab, University of Cambridge
- Granted FPI-UAM Scholarship. Competitive Predoctoral Contract for Training Research Personnel 2021
Department of Computer Science, Autonomous University of Madrid
- Research Collaboration Scholarship 2020
Department of Computer Science, Autonomous University of Madrid
- Granted Highest Mark on Bachelor's Thesis, 10/10. Statistical Models with Variational Methods 2020
Department of Computer Science and Faculty of Science, University of Granada
